

WELCOME TO ITPC'S COMMUNITY ACTIVIST SUMMIT

AIDS 2018

SUNDAY, 22 JULY 2018
10:00 – 16:45 | G106-107

In 2003, over 120 treatment activists from 67 countries gathered in Cape Town, South Africa for the first International Treatment Preparedness Summit. It was a time when HIV treatment access was very poor, and activists were still grappling with the brunt of the epidemic. Fifteen years later, how far have we come? What is the state of our activism today? And, how do we set a radical agenda for what is left to do?

These are the questions we, as activists, will try to answer today.
