

INTERNATIONAL TREATMENT PREPAREDNESS COALITION

EVENTS ICASA 2015

SATELLITE SESSIONS

Routine for You, But Not for Me!

Tuesday 1 December -- 18:30-20:30 | Location: Committee Room 6 | Hosted by ITPC & AIDS and Rights Alliance of Southern Africa (ARASA)

Research on routine viral load testing in 12 African countries - Botswana, Cameroon, Cote d'Ivoire, Egypt, Kenya, Malawi, Morocco, Swaziland, Tanzania, Uganda, Zambia and Zimbabwe - informed a community-driven campaign titled *Be Healthy – Know Your Viral Load* launched in October 2015. Join us and advocate for the strategic scale-up of routine viral load testing!

Session will include video screening, moderated panel discussion, and catered cocktail hour!

Why Viral Load Matters: Increasing viral load awareness in Sub-Saharan Africa

Thursday 3 December -- 18:30-20:30 | Location: Committee Room 6 | Hosted by ITPC & Médecins Sans Frontières (MSF)

Join us for a community dialogue on the findings of a rapid assessment about the level of awareness and knowledge of viral load testing in nine African countries: Kenya, Malawi, Uganda, Zimbabwe, Swaziland, South Africa, Lesotho, Democratic Republic of Congo, Mozambique.

Session will include research presentation, moderated community discussion, and catered cocktail hour!
